

Acoustic absorption factor α_w	0,35 to 0,8	
Fire-resistance classification	M1 (F)	NFP 92 503
Composition	Coated fibreglass fabric	
Weight per m ²	410 g 12.1 oz/yd² ± 5 %	ISO 2286 - 2
Thickness	0.70 mm 27 mil ± 5 %	ISO 2286 - 3
Breaking strength	Warp > 150 daN/5 cm > 200 lbs/in Weft > 150 daN/5 cm > 200 lbs/in	ISO 1421
Tear resistance	Warp and weft 6=>10 daN	Internal procedure
Resistance to fold	Warp and weft ≥ 20 daN/5 cm	Internal procedure
Colour fastness to light	7/8 scale of 8 White not graded	ISO 105 B02
Width	250 cm 98.4"	
Making-up	Welding (thermal, high frequency, ultrasonic) or sewing	
Marking	Digital printing / Screen printing Transfer / Paint	
Standard packaging	Rolls of 27 lm	

The data in this document is for information only and may not be considered as binding.

Colours in the prints may be slightly different from the actual ones.
